View of completed model

\* When you pull the lever at the bottom, cute ducks jump and the funny clown moves in amazement.

### Assembly Instructions : Nine A4 sheets (No. 1 to No. 9)

\* Build the model by carefully reading the Assembly Instructions, in the parts sheet page order.

\*Hint: Trace along the folds with a ruler and an exhausted pen (no ink) to get a sharper, easier fold.

### Assembly Instructions

**Mountain fold(dotted line)**  
Make a mountain fold.

**Valley fold(dashed and dotted line)**  
Make a valley fold.

**Scissors line(solid line)**  
Cut along the line.

**Cut in line(solid line)**  
Cut along the line.

**Glue**  
The glue spot(colored dot) shows where to apply the glue.

**Glue spot(Red dot)**  
Glue parts with the same number together.

**Glue spot(Green dot)**  
Glue within the same part.

**Glue spot(Blue dot)**  
Glue to the rear of the other part.

#### Tools and materials

Scissors, set square, glue(We recommend stick glue), pencil, used ballpoint pen, toothpicks, tweezers, (useful for handling small parts)

#### Assembly tip

Before gluing, crease the paper along mountain fold and valley fold lines and make sure rounded sections are nice and stiff.

#### Caution

Glue, scissors and other tools may be dangerous to young children so be sure to keep them out of the reach of young children.

Before starting assembly : Writing the number of each section on its back side before cutting out the sections is highly recommended. (\* This way, you can be sure which section is which even after cutting out the sections.)

- Indicates where sections should be glued together.
- Indicates where to insert sections. Do not glue the sections together.
- Indicates the order for assembling parts.

Round bar : Use to give parts a curved surface.

Tweezers : Useful in working with fine parts.

Be sure to build this model carefully.

Slightly fold the left and right sides of the splashes (Part 30) forward.

Glue the rear side of the clown's head part and the part 27 (above picture).

Next, glue the clown's shoe parts.

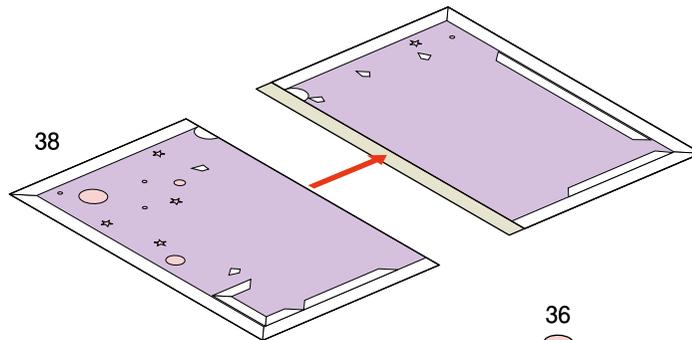

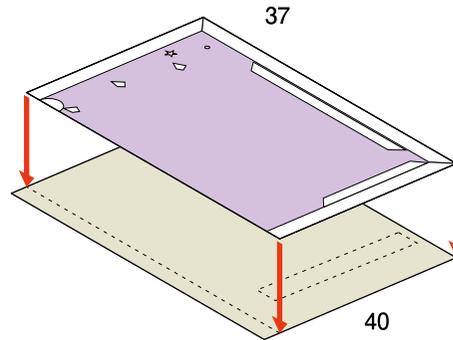

# (Moving) Jumping ducks : Assembly Instructions

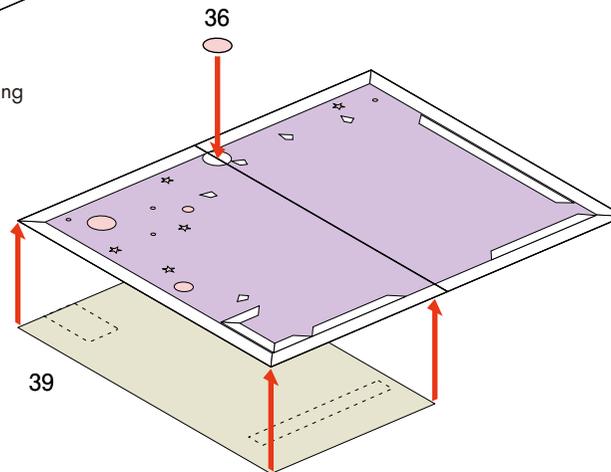

Glue the entire reverse sides of part 37 and part 40 to each other. Take care in positioning and direction of the parts when gluing them.

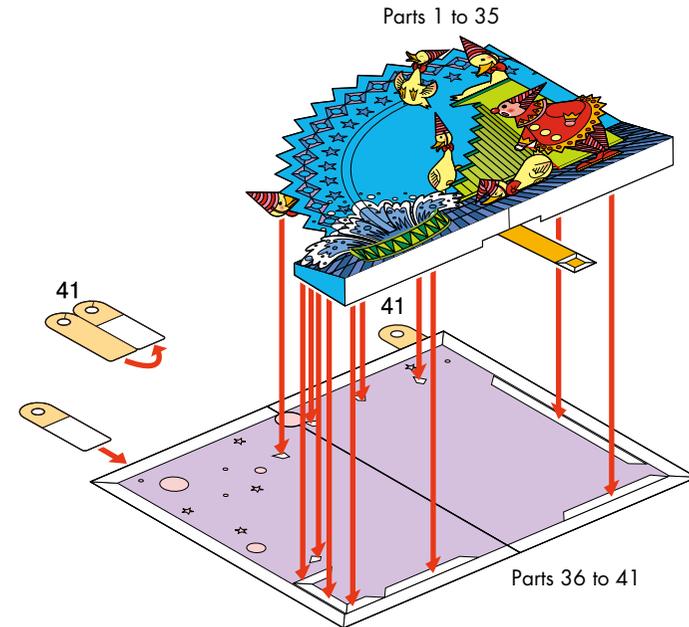

**Caution :** Spread the glue in a thin layer, to prevent these parts from warping after you glue them together.

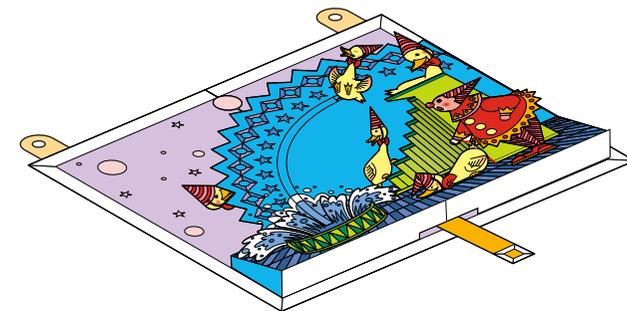

Glue part 38 to the remaining uncovered area of part 40.

Glue the rear sides of part 38 and part 39 to each other, lining these parts up.

When you glue the complete assemble of Parts 1 to 35 on the base sheets (Parts 36 to 41), start from the lower part of the pasting margin and glue one by one to the left and right and upward.
