*Make a mountain fold. *Cut along the line.

- · - · - **Valley fold**
(dashed and dotted line)
*Make a valley fold. ——— **Cut in line** (solid line)
*Make a cut.

▲ **Black triangle**
Glue here

scissors, paste, a used ballpoint pen (tracing along the fold lines makes them easier to fold)

Caution: Glue, scissors, and other tools may be dangerous to young children so be sure to keep them out of the reach of young children.

1 Cut out the parts and fold them along the fold lines on each.

2 Attach the spiral to the base.
*It is easiest to first attach the glue tabs on the edges of the spiral to the ground glue tabs, and then attach the center of the spiral on the other side as you fold.

3 Keeping the base open, attach Santa Claus and the "Ho! Ho! Ho!" to the spiral so that they cover the text on the spiral.

4 Attach the front and back covers onto the back of the base, and you're done!
*Use the illustration as your guide to ensure they face right way as you attach.
