

● Completed Image

● You will need

Scissors, glue, ruler, dried-up ballpoint pen (Begin by placing the ruler against the fold lines and drawing the empty ballpoint pen over them so that it is easy to make clean folds.)

● Lines and icons

Scissors line ———— Cut in line ———— Mountain fold - - - - - Valley fold - - - - -

Glue tab ● Reverse glue tab ● Cut out 

● Caution

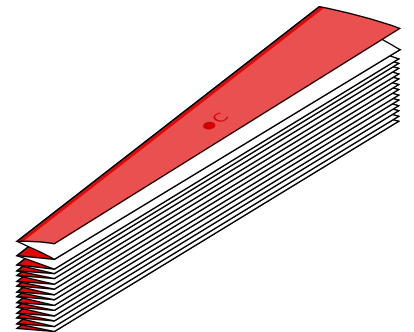

Glue, scissors and other tools and materials may be harmful to children.
Please keep your work out of the reach of children.

1 Make the fan face

Glue A1 and A2 together.

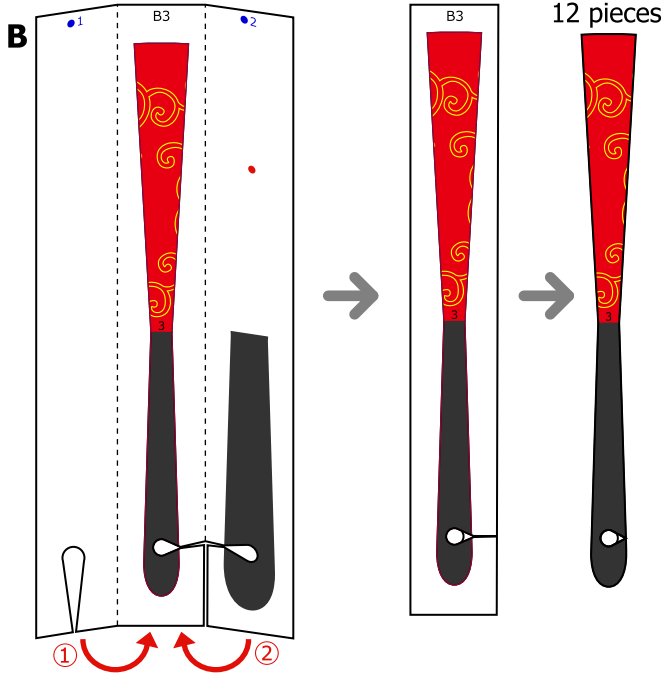

Fold it up, making sharp creases.

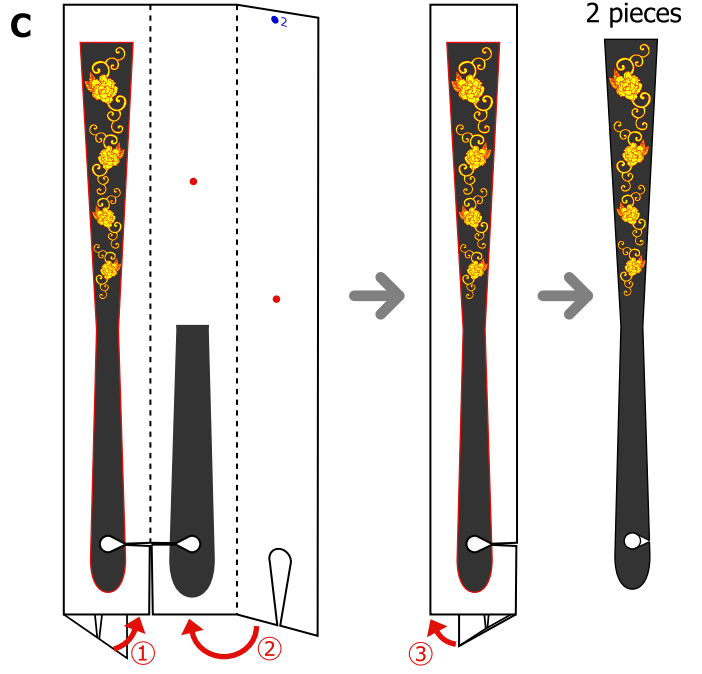

2 Make the spokes

Make creases to B, and cut out the hole along the partial cut line.
Attach together (1) and then (2), and cut out.

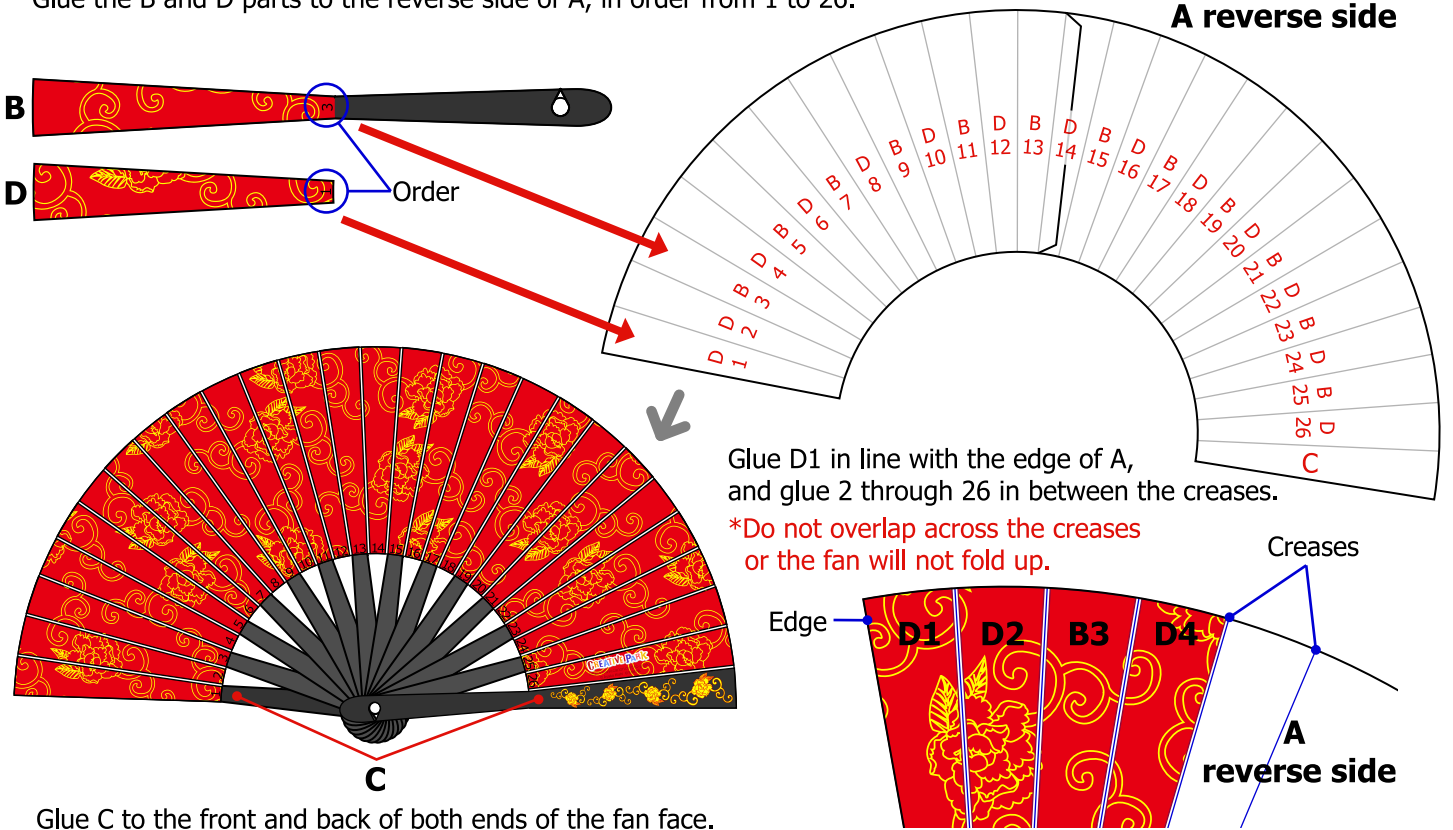

Make creases to C, and cut out the hole along the partial cut line.
Attach together (1), (2) and then (3), and cut out.

3 Attach the spokes to the fan face

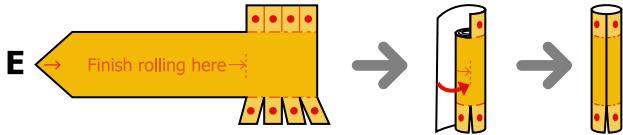

Glue the B and D parts to the reverse side of A, in order from 1 to 26.

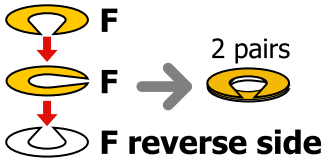

Glue C to the front and back of both ends of the fan face.

4 Make the axis and tassel

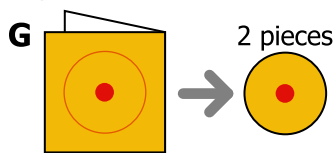

Cut the slots on the bottom side of E only.
Roll up tightly beginning from the end marked "start rolling here" and glue.

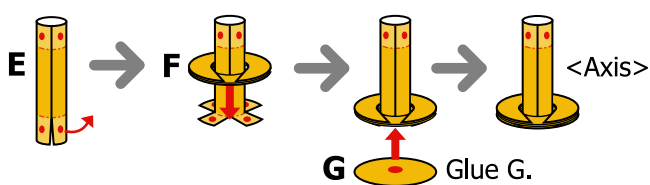

Attach the three F parts together.

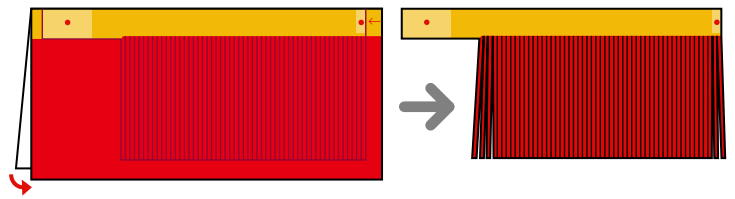

Fold G in half and glue it together, and cut it out.

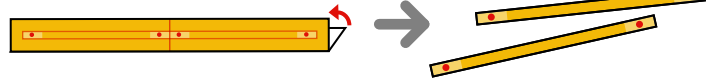

Fold up the "bottom glue tabs" on E, insert them through the hole in F and glue them down.

Fold H in half and attach it together, and cut it out.

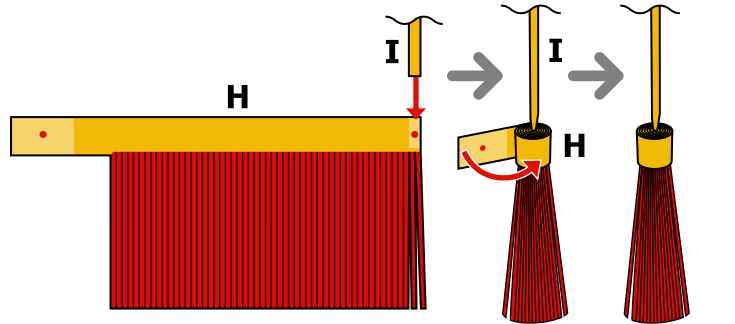

Fold I in half and attach it together, and cut it out.

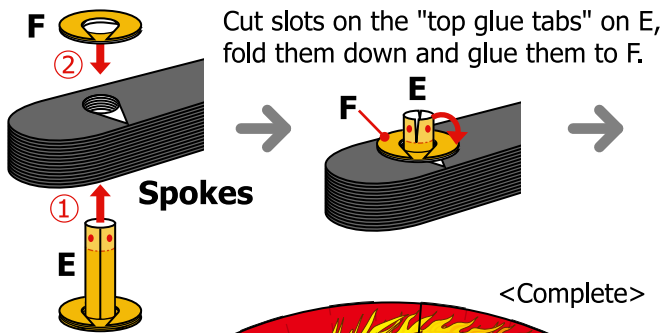

Glue I to H, roll it tightly around I from the end marked "start rolling here" and glue it.

<Tassels>
2 pieces

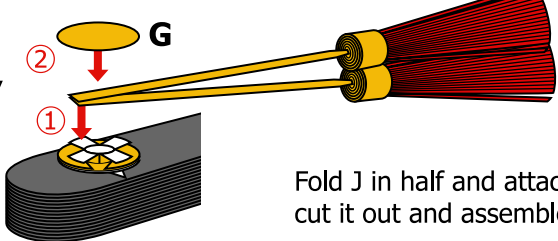

5 Secure the spokes and complete your fan

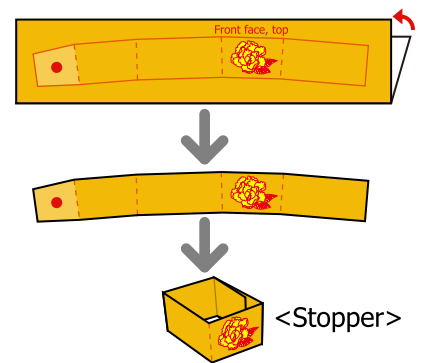

Fold up the fan and arrange the spokes together, and insert E through the hole, and then F on top of E.

Attach the tassels and G.

Fold J in half and attach it together, cut it out and assemble it.

When folded up, slide J onto the fan from the bottom.
