

# STICKY MOUSE INSTRUCTION SHEET 1

1. Cut and fold the trousers, glue each tab one by one

until they look like this.

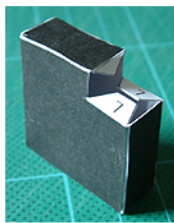

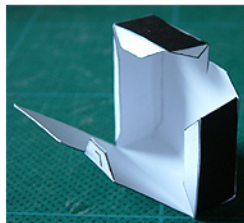

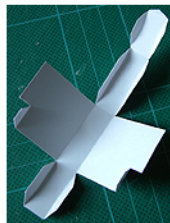

2. Follow the same process for the body,

note that there is a front side to both pieces

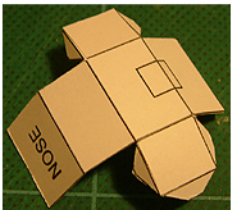

3. Cut, Fold and glue the head together, make sure to stick the head on facing forwards

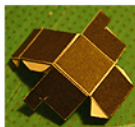

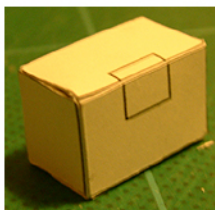

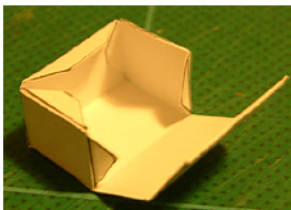

4. Assemble the left ear, as shown in these ear pictures and repeat for the right side, note the wider edge glues to the top of the head. Use a black pen to fill the white edge of the folds.

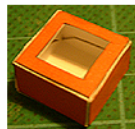

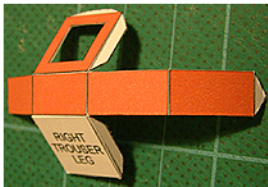

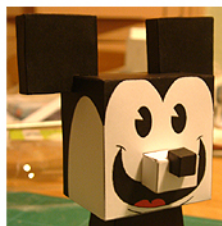

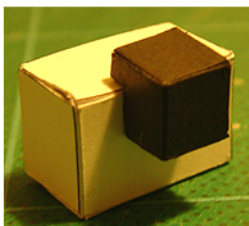

## STICKY MOUSE INSTRUCTION SHEET 2

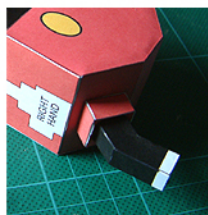

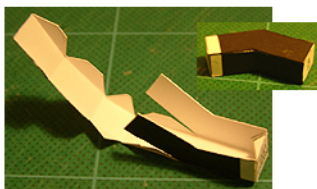

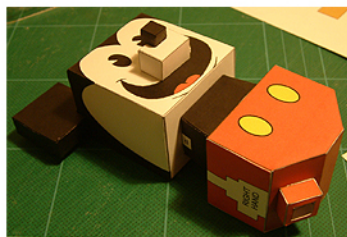

1. Cut and fold the nose

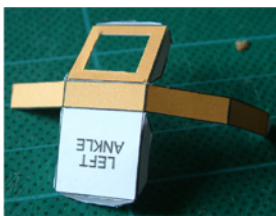

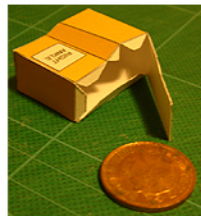

Glue together and cut out nose tip

2. Glue tip to nose thus and glue nose to head. Cut out right trouser leg and glue like so

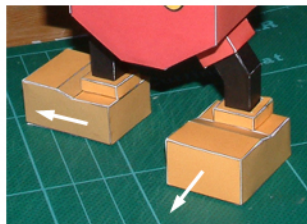

3. Glue trouser leg to the bottom of his bottom and cut, fold and glue the leg itself. note top

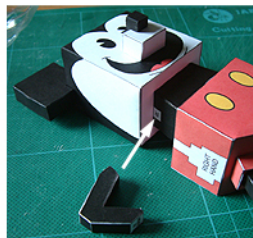

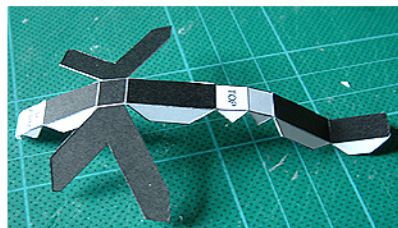

4. Cut and assemble the right foot and before glueing last side, insert a coin inside to give weight to the feet. Cut and glue the right ankle (even though I have shown the left) they are both the same.

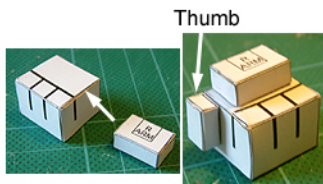

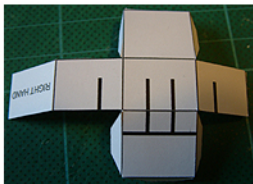

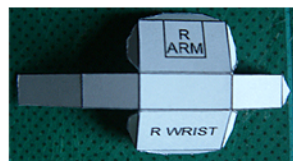

# STICKY MOUSE INSTRUCTION SHEET 3

1. Assemble the left leg too and glue the feet to the legs. The end of the leg slots into the cut out of the ankle  
Note: the feet can be glued either facing forwards or outwards, or one of each.

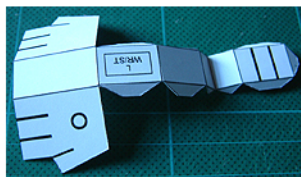

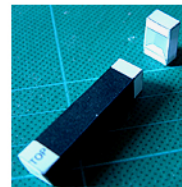

2. Cut and glue the right arm, the top edge is marked TOP and is glued against the body and the underside of the head.

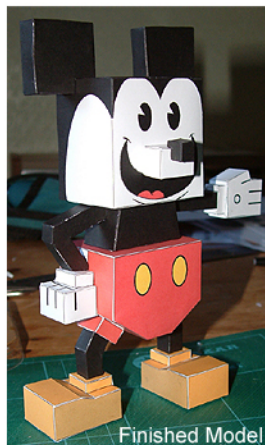

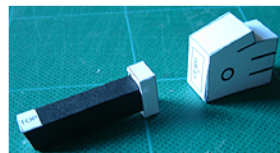

3. Cut, fold and glue the right wrist, thumb and hand

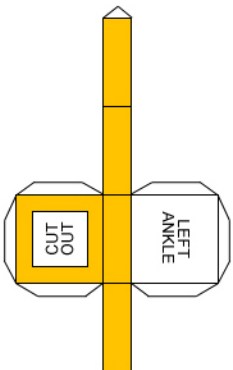

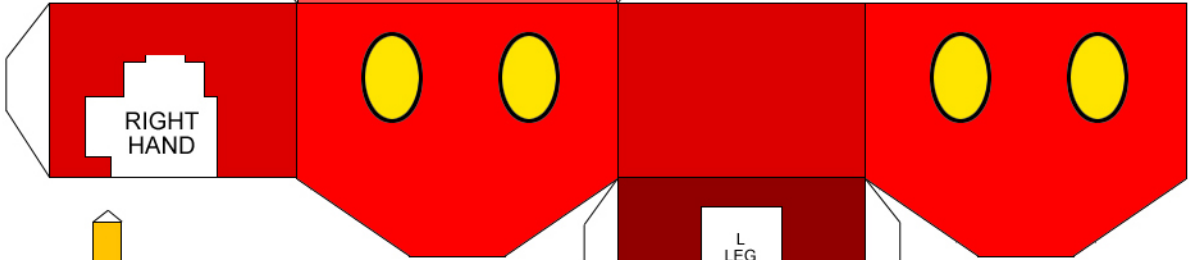

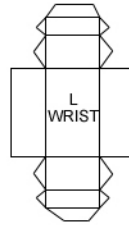

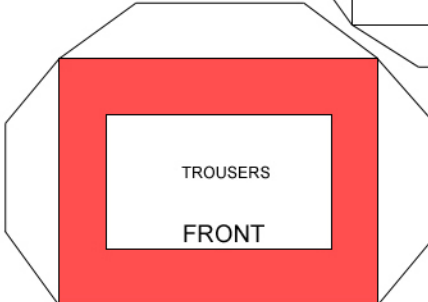

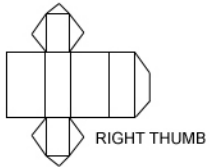

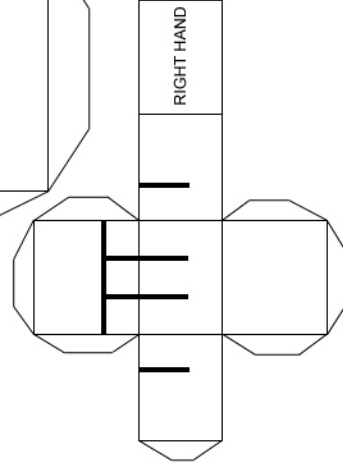

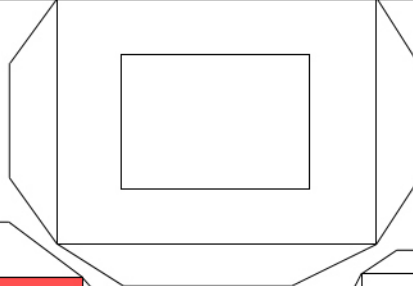

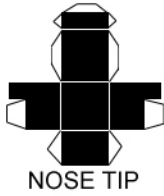

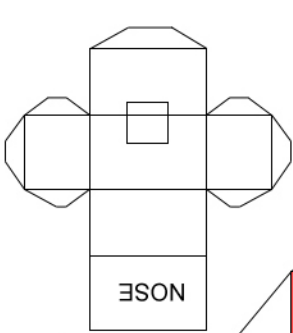

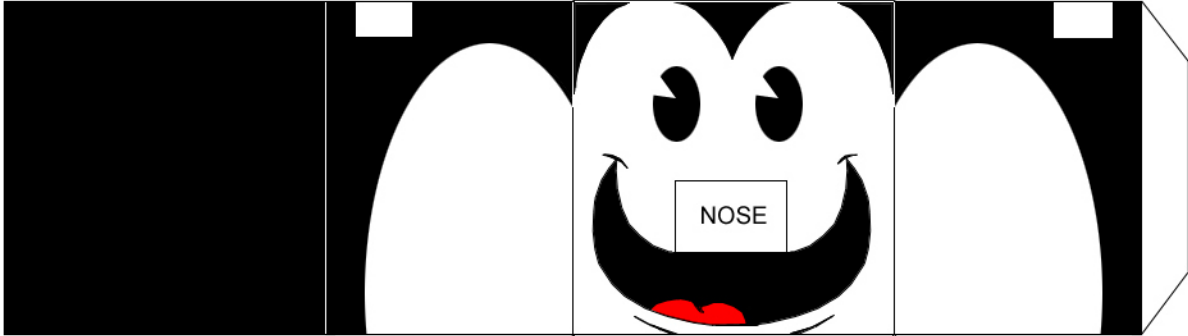

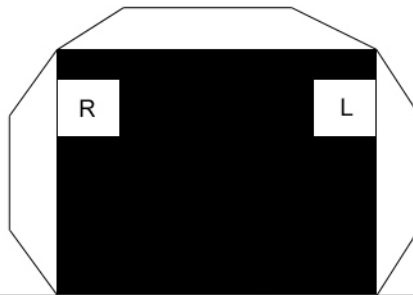

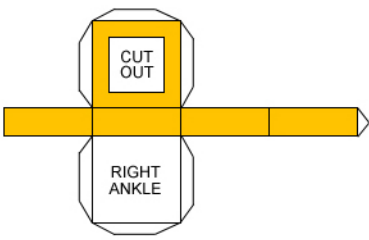

and assemble like this.

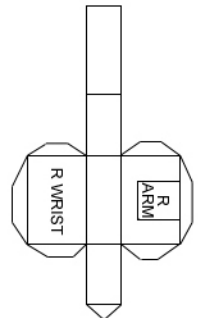

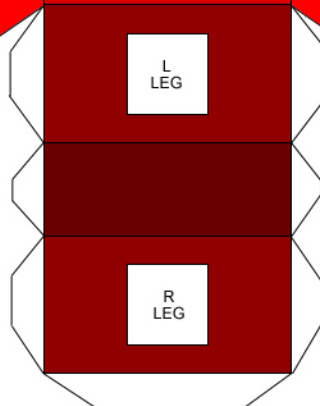

4. Cut and assemble the left arm, wrist and hand. The top of the arm is marked, glue to underside of head and up against the body.
