

LEGO MOC "INDY" MINIFIG

PAPERCRAFT MODEL BY NINJATOES

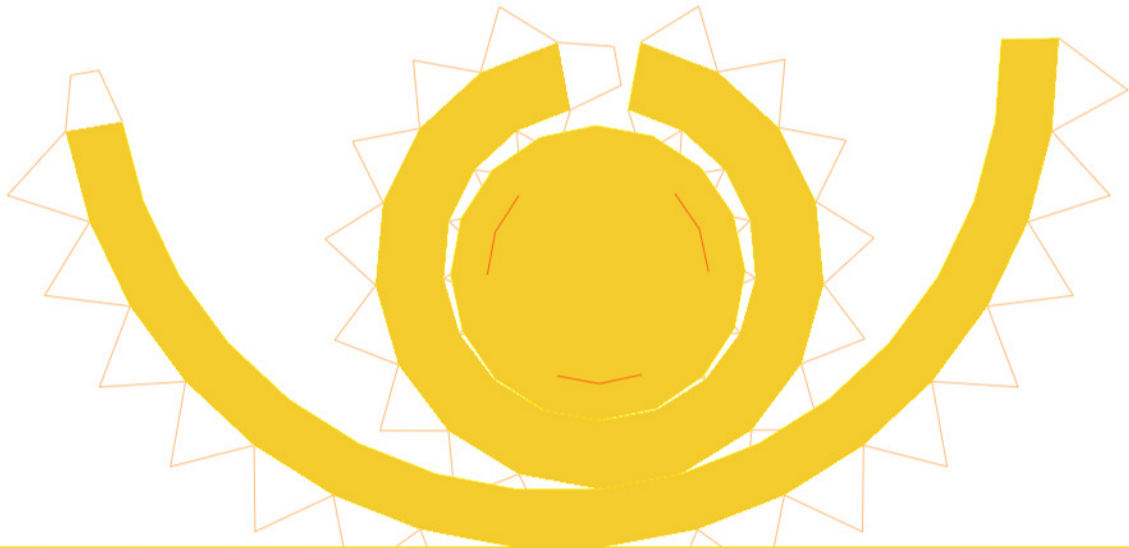

MOC "INDY"

Long before the LEGO group licensed the **INDIANA JONES** theme in 2008, boys everywhere had already put together their own "Indy" minifig of course!

My own MOC Indy had a stubble beard and blue sunglasses (all the other stubbly minifig heads had an eyepatch or a moustache...) and although a real fedora wasn't available yet, a brown cowboy hat didn't look half bad! :o)

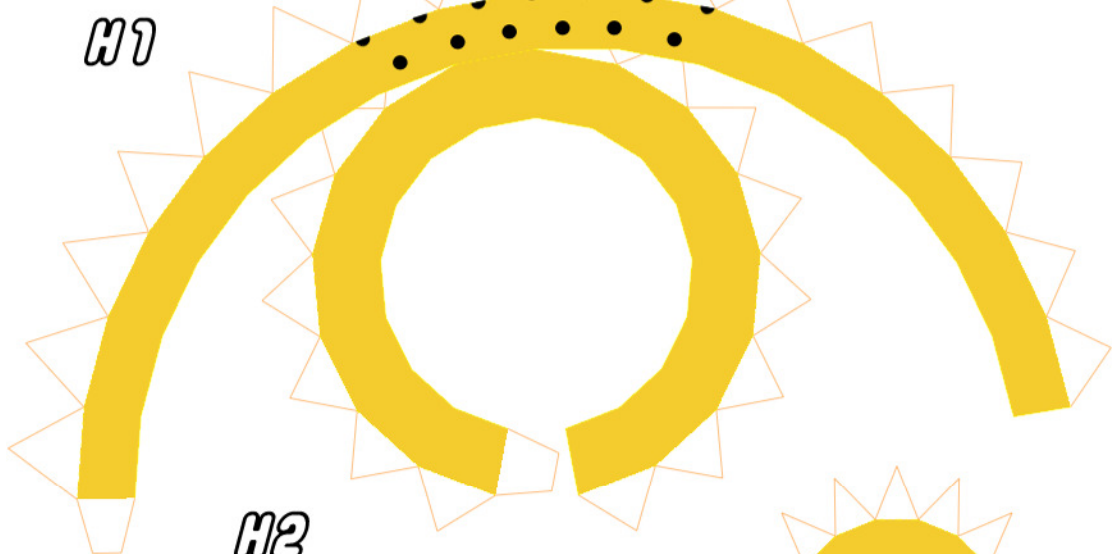

For the torso, the brown, leather bomber jacket was an obvious choice, and I even gave him some epaulettes for extra broad shoulders, and on his back he had the classic backpack from the Pirates theme.

His pants were dark grey, and as accessories, he had to have a whip of course, and an ancient treasure map, with an X marking the spot!

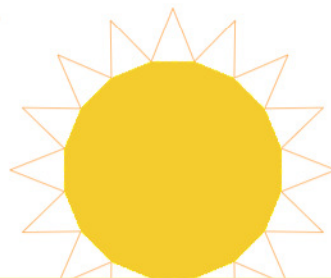

H1

using thicker paper
(160-200 gsm) is
really recommended
because of the wear
and tear of the joints!
